Language/Literacy and Numeracy

Business Station Incorporated makes appropriate concessions for language, literacy and numeracy issues of students where these concessions do not compromise the requirements of the relevant Training Package and the integrity, equity and fairness of assessment.

During the enrolment process, all students complete a brief non-invasive language, literacy and numeracy assessment to enable Business Station Incorporated to identify any issues that may need to be addressed prior to the commencement of training. Strategies to address these issues will be negotiated with students and may include adjusting learning and assessment modes and methods.

Business Station Incorporated provide materials, resources and assessment tasks at a level of complexity required and provide opportunities for repeated and supported practice.

Where can I get help with language, literacy and numeracy?

Individuals who want to get help with their literacy and numeracy can access information about the nearest LLN provider by calling the Reading Writing Hotline on 1300 655 506.

What is the Reading Writing Hotline?

The Reading Writing Hotline is funded by the Australian Government Department of Education, Science and Training. The project is managed by TAFE NSW - Access and General Education Curriculum Centre and is Australia's national telephone adult literacy and numeracy referral service. For the price of a local call from anywhere in Australia, the hotline can provide you with advice as well as a referral to one of 1200 providers of courses in adult literacy and numeracy.

What happens when I call the Hotline?

You will speak to an experienced adult literacy teacher who will advise you on ways you can access classes in your local area to improve reading, writing, spelling and maths skills. The information you give about yourself is confidential and will not be given to anyone else.

When can I call the Hotline?

You can call the Hotline at any time. If a teacher is unavailable to take your call, your name and number will be taken by the hotline paging service and your call will be returned.

Flexible Learning and Assessment

Business Station Incorporated will develop a unique training plan for each student to assist with time management and fitting studying around your work and life commitments.

If you've already completed a qualification, it may be possible to apply for credit transfer and/or recognition of prior learning (RPL) if sufficient and current evidence is provided as required. To learn more about credit transfer and recognition of prior learning please refer to the RPL and Credit Transfer Policy located in the Policies and

Procedures section of the handbook.

For further information on how to apply for credit transfer and RPL you can contact Business Station Incorporated's student support team.

Assessment Requirements

All assessments must be submitted by the due date. If you are having difficulty completing an assessment, you may discuss it with your trainer/assessor well in advance of the due date. This way the trainer/assessor may be able to provide support or grant additional time. Please note there may be conditions to gaining an extension.

Students are advised to keep a copy of their assessments prior to submission. Business Station Incorporated can accept no responsibility for lost assessment tasks.

Please note: *Students will have to complete assessment tasks again if their work goes missing and therefore it is important to keep a copy of their original assessment tasks.*

Assessments must be always submitted via Axcelerate LMS online. Paper-based assessment tasks will not be accepted unless under extenuating circumstances where previous approval has been granted by Business Station Incorporated in writing.

Assessment malpractice

Assessment malpractice includes cheating, collusion and plagiarism.

Business Station Incorporated regards the integrity of assessment as critical to its professional responsibilities as an RTO and therefore strives to ensure the assessment processes are not compromised. Business Station Incorporated has policies and procedures in place for dealing with assessment malpractice.

What is cheating?

Cheating within the context of the study environment, means to dishonestly present an assessment task or assessment activity as genuinely representing your own understanding of and/or ability in the subject concerned.

Some examples of cheating are:

- Submitting someone else's work as your own whether you have that person's consent or not.
- Submitting another author's work as your own, without proper acknowledgement of the author.
- To allow someone else to submit your own work as theirs.
- To use any part of someone else's work without the proper acknowledgement.

There are other forms of cheating not contained in this list. These are merely given as some examples. If you are unsure about whether any behaviour would constitute plagiarism or cheating, please check with your trainer prior to submitting your assessment work.

Student Handbook

This handbook was created to meet the requirements of the VET Quality Framework.

Version: 3.01 | Date:11/11/2021

What is Collusion?

Collusion is the presentation of work, which is the result in whole or in part of unauthorised collaboration with another person or persons. It is your responsibility to ensure that other students do not have opportunity to copy your work.

What is Plagiarism?

Plagiarism is a form of cheating and includes presenting another person's or organisation's ideas or expressions as your own. This includes, however is not limited to copying written works such as books or journals, data or images, tables, diagrams, designs, plans, photographs, film, music, formulae, web sites and computer programs.

What are the Penalties for Plagiarism or Cheating?

If a trainer suspects that you are cheating, they will investigate further to establish evidence to support their suspicion. By looking at learning resources, searching on Google and reviewing previous or current student's work. If evidence to support the suspicion is established your trainer will then report their concerns to Business Station Incorporated's RTO Manager. From there the following process will be followed:

1. *The assessor will contact you in writing outlining their concerns with your submitted work.*
2. *You will then have an opportunity to respond to any allegations of cheating or plagiarism.*
3. *If the RTO Manager's investigation confirms that you have engaged in cheating or plagiarism you will be advised of one of the following consequences:*
 - *If it is determined that your offence committed is minor or unintentional, you will be asked to resubmit your work and be given a formal warning in writing by Business Station Incorporated's RTO Manager OR*
 - *If it is determined that your offence committed is of a serious and intentional nature you will be un-enrolled in that unit immediately and must re-enrol if you wish to complete that unit. Your result for that unit will be recorded as Not Competent. A cheating/plagiarism note will also be recorded against your student file. Notification of any such decision will be made in writing by Business Station Incorporated's RTO Manager.*
4. *If the conduct is repeated or if the initial conduct is of a very serious nature (as determined by the RTO Manager), such as knowingly falsifying assessment evidence, the student's enrolment may be terminated. In cases of termination, all fees paid will be non-refundable.*

What if I don't agree with the decision?

If you disagree with the decision or the penalty imposed, you are entitled to lodge an appeal in accordance with the Appeals Policy and Process. For more information you may refer to the Complaints and Appeals section of the Student Handbook.

How do I avoid Plagiarism or Cheating?

Student Handbook

This handbook was created to meet the requirements of the VET Quality Framework.

Students are advised to note the following advice to avoid claims of plagiarism or cheating:

- You must not copy someone else's work and present it as your own.

COURSE INFORMATION

All training programs provided by Business Station Incorporated are registered under nationally endorsed training packages. These training programs are competency based which means that training and assessment focus on the development and recognition of a person's ability to apply relevant knowledge and skills to perform workplace tasks to a specified standard.

Training Programs

The specific skills and knowledge required for activities are set out in Units of Competency which can be grouped together to formulate the completion of a nationally recognised qualification. Nationally recognised qualifications are outlined in training packages. These can be viewed at www.training.gov.au.

Each qualification has a list of employability skills and foundation skills which describe the non-technical skills and competencies that are important for effective and successful participation in the workforce. For each qualification there are specific employability skills listed under the following headings:

1. Communication
2. Teamwork
3. Problem solving
4. Initiative and enterprise
5. Planning and organizing
6. Self-management
7. Learning
8. Technology.

These employability skills will be part of the assessment requirements of a nationally accredited course.

Competency Based Training

All programs delivered by Business Station Incorporated are assessed under the principles of Competency Based Training. The aim of Competency Based Training is to assess the student's ability to complete the activities in each unit.

Business Station Incorporated will assess the student's ability (or competence) to carry out the activities in each unit of competency.

Competencies are normally expressed in terms of a unit of competency. For example, if you were working in a retail store, a unit of competency might include "use point of sale equipment." Competencies include the skills and tasks that are required in the workplace. When a student is being assessed on these activities, the student will be required to perform the activity to the level required in the workplace.

All assessment results are recorded in Business Station Incorporated's Student Management System. Students have access to their assessment outcomes via the student portal or by request.

Student Handbook

This handbook was created to meet the requirements of the VET Quality Framework.

Version: 3.01 | Date:11/11/2021

Certification documents are issued from the results recorded in Business Station Incorporated's Student Management System.

Flexible Delivery

Flexible delivery means providing training that best suits the participant and/or employer. Business Station Incorporated offers courses through Distance/Blended delivery. Please refer to relevant course brochures and website for course information/delivery options available.

Distance Learning (Online)

Business Station Incorporated delivers the Training of its Distance courses in an online format. Students are provided with all learning materials, assessment tools, student forums and other resources required to complete their course. Students can work through these learning materials at their own pace.

Where necessary, the student may contact Trainers for assistance, but our Trainers will not contact students unless requested.

Blended Learning (Classroom and Online)

The Blended courses are delivered with an initial classroom-based component as well as a subsequent Distance online format.

Vocational Placement

Business Station Incorporated offers courses such as Information Technology, Human Resources and Business which require the student to enter a Vocational Placement Scheme. To successfully gain qualification, the student must complete the vocational placement. The student will need to initiate contact with a registered organisation. This workplace-based experience will solidify the student's practical experience as they go about their duties in the registered organisation and demonstrate their application of skills in the workplace. Please refer to Course Brochures for further information.

For all courses where Vocational Placement is required to complete the course qualification, the student has two options: to organise their own vocational placement arrangement or to request Business Station Incorporated for assistance. It is advised that the student inform Business Station Incorporated of their preference so that the learner and/or Business Station Incorporated will have ample time to look for a suitable vocational placement provider. In the rare event that the learner and/or Business Station Incorporated cannot find one, the student may withdraw from the course and be refunded for any 'unused fees.'

NB: If a student decides to undertake the Combined or Double Certificate courses with a vocational placement component, two vocational placements will need to be undertaken for successful completion of both qualifications.

Evidence Requirements

Evidence is the material proof that you have performed the specified competency or task to the required standard. Your evidence requirements will be determined by the Unit of Competency, employability skill requirements, industry expectations, government regulations, and your qualifications and current experience. Evidence can take many forms and you will be required to present more than just one piece of evidence.

Assessment tools that we will provide to you set out the exact requirements for evidence for each unit/module.

Examples of evidence could include one or more of the following:

1. Specific assessment tasks set by your assessor
2. Observation reports
3. Certificates and awards
4. Examples of work completed or special projects
5. Current licenses
6. Position descriptions and performance reviews
7. Third party reports
8. Question responses
9. Tests

Your evidence must also demonstrate the following:

1. That you can do the job or task to the required standard

Student Handbook

This handbook was created to meet the requirements of the VET Quality Framework.

Version: 3.01 | Date:11/11/2021

2. Understand why the job should be done in a particular way
3. Handle unexpected issues or problems
4. Work with others 'in a team'
5. Do more than one thing at a time, e.g., perform the task and be aware of the occupational health and safety requirements
6. Know the workplace rules and procedures

Assessment

Assessment is defined as the process of collecting evidence and making judgments on the nature and extent of progress towards the performance requirement set out in a (competency) standard, or learning outcome, and, at the appropriate point, making a judgment as to whether competency has been achieved'.

In simple terms, assessment is the process of collecting evidence and making judgments on whether competency has been achieved. To be assessed as competent (C), you will need to provide evidence which demonstrates that you have the essential knowledge and skills to successfully complete the relevant unit to the required standard. Competency is simply about demonstrating that you can do the task with confidence to the required industry standard as endorsed by the training package or VET accredited Course.

An assessment of 'Not Yet Competent' (NYC) is not a failing mark. It is simply a request for more information or further confirmation of the knowledge and skills required. Our trainers will provide feedback to guide your resubmission and are available for contact if required. The student will be required to successfully resubmit the assessment with the required rectifications to achieve a competent result. The student will be allowed a limit of three submissions per unit of the course. To be eligible for the qualification, the student must receive a competent result for all units of the course.

Assessment, within competency-based approaches to learning, is criterion referenced. This means it identifies an individual's achievements of defined outcomes, rather than relating their performance to that of other learners or trainees.

Assessment methods used may include:

- Demonstration.
- Observation.
- Work samples.
- Workbook activities.
- Oral presentations.
- Role plays or simulation.
- Projects

Principles of Assessment

There are four key principles that are a part of the assessment process:

Student Handbook

This handbook was created to meet the requirements of the VET Quality Framework.

Version: 3.01 | Date:11/11/2021

Fairness	<p>The individual learner's needs are considered in the assessment process.</p> <p>Where appropriate, reasonable adjustments are applied by the RTO to consider the individual learner's needs.</p> <p>The RTO informs the learner about the assessment process and provides the learner with the opportunity to challenge the result of the assessment and be reassessed if necessary.</p>
Flexibility	<p>Assessment is flexible to the individual learner by:</p> <ul style="list-style-type: none">• reflecting the learner's needs.• assessing competencies held by the learner no matter how or where they have been acquired; and• drawing from a range of assessment methods and using those that are appropriate to the context, the unit of competency and associated assessment requirements, and the individual.
Validity	<p>Any assessment decision of the RTO is justified, based on the evidence of performance of the individual learner.</p> <p>Validity requires:</p> <ul style="list-style-type: none">• assessment against the unit/s of competency and the associated assessment requirements covers the broad range of skills and knowledge that are essential to competent performance.• assessment of knowledge and skills is integrated with their practical application.• assessment to be based on evidence that demonstrates that a learner could demonstrate these skills and knowledge in other similar situations; and• judgement of competence is based on evidence of learner performance that is aligned to the unit/s of competency and associated assessment requirements.
Reliability	<p>Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.</p>

Rules of Evidence

The Rules of Evidence are closely related to the principles of assessment and provide guidance on the collection of evidence to ensure that it is valid, sufficient, authentic, and current as follows:

Student Handbook

This handbook was created to meet the requirements of the VET Quality Framework.

Version: 3.01 | Date:11/11/2021

Validity	The assessor is assured that the learner has the skills, knowledge, and attributes as described in the module or unit of competency and associated assessment requirements.
Sufficiency	The assessor is assured that the quality, quantity, and relevance of the assessment evidence enables a judgement to be made of a learner's competency.
Authenticity	The assessor is assured that the evidence presented for assessment is the learner's own work.
Currency	The assessor is assured that the assessment evidence demonstrates current competency. This requires the assessment evidence to be from the present or the very recent past.

Assessment Results

Results of assessment are provided to students as soon as practicable. These results are available through your student login account. Assessment results are always confidential and will not be given to any other party unless a written request signed by the student is received in advance.

Reasonable Adjustment

Students with disabilities or learning difficulties are encouraged to discuss with Business Station Incorporated any 'reasonable adjustment' to learning and assessment processes which they consider would be necessary or assist them in the performance of their studies.

Careful consideration will be given to any requests for reasonable adjustment of this nature, and, where reasonably practicable, such adjustments will be made. There may however be circumstances where it will not be reasonable or reasonably practicable for Business Station Incorporated to accommodate or where other adjustment may be more appropriate. Reasonable adjustments cannot compromise the integrity of competency-based training and assessment.

Extensions for Assessment

It is expected that all assessment tasks are handed in on the due date. Should you require additional time to complete an assessment, you must communicate with your assessor and apply for an extension. Standard extensions fees are as follows: \$125 for each additional month requested beyond the student's original course end date. No refund will be approved for any extension period not utilised.

Additional Submission and Support

Further submission attempts may be provided only at the discretion of Business Station Incorporated. Students may request a 2nd submission attempt—approval will be at the discretion of the training management. This discretion will rely on the quality of previous submissions and the consideration of the study making progress through extra effort of the student to address the feedback required.

Student Handbook

This handbook was created to meet the requirements of the VET Quality Framework.

Version: 3.01 | Date:11/11/2021

Should the 2nd submission attempt be insufficient to gain competency OR if a discretionary attempt is not granted due to insufficient evidence of extra work, students will have the opportunity to purchase re-submissions/re-assessments for \$25 per submission. The student is advised to speak to a student support officer to assess the need for course extension and/or support services provided by Business Station Incorporated.

Awards

Once a student has successfully completed all assessment requirements for their applicable course, the student will be issued with certification documentation.

For students who have not met all requirements for the course or students who withdraw from a course and have paid relevant fees have the right to receive Statement of Attainment from Business Station Incorporated for the units of competency they have been deemed competent in.

Students should note that if they are paying for their course via the payment plan option, they will be unable to receive their qualification or statement of attainment until course fees are paid in their entirety.

The Qualification or Statement of Attainment will be emailed to the current email address and mailed to the current address noted in Business Station Incorporated's Student Management System. The student should allow 30 calendar days from the date of completion of the course for the issuance of your award.

Important Information regarding awards at Business Station Incorporated

- Awards will only be issued to students whose financial status with the college is up to date
- It is the responsibility of the student to understand their obligations about fees due for units studied
- For a student to be eligible to receive an award, the student must successfully complete all the units listed
- Training package courses have been submitted to the regulatory authorities, and all units specified in that course are the subjects a student must complete to be eligible to receive that award.

Certification documents can be re-issued to a student, upon written request. Replacement certification documentation will incur a fee of **\$50 per request**.

Recognition of Prior Learning (RPL)

All students can apply for recognition of prior learning. This means that you can submit evidence for a Unit(s) of Competency, and have it assessed by a qualified assessor without completing the training.

Business Station Incorporated believes that no learner should be required to undertake a unit of competency for which they are already able to demonstrate satisfactory achievement of the performance outcomes, as stated in the endorsed training package or nationally recognised course.

Business Station Incorporated aims to always maximise the recognition of a learner's prior skills and knowledge whilst maintaining the integrity and standards of the defined learning outcomes of the specific qualification or course of study. Students who consider they already possess the competencies identified in all or part of any course/qualification offered by Business Station Incorporated may seek recognition.

If you think you have the necessary knowledge and skills to match a Unit(s) of Competency or a qualification at the required standard, you need to contact your trainer or any Business Station Incorporated admissions staff who will provide the information you need to complete an application.

Recognition Process

Recognition is a method of assessing if you have evidence of competency for a particular unit of competency that you are enrolled in. It is important to remember that recognition is an assessment process, not an assumption of competence.

Recognition is the determination, on an individual basis, of the competencies obtained by a student through:

- previous formal/informal training.

Student Handbook

This handbook was created to meet the requirements of the VET Quality Framework.

Version: 3.01 | Date:11/11/2021

- work experience; and/or
- life experience.

Recognition therefore determines the subsequent advanced standing to which the student is entitled in relation to a course/qualification. The focus of recognition is what has been learned rather than how, where or when it was learned. Recognition focuses on both the demonstration of competence and the currency of that competence to industry standards.

It is important to note, the onus is on the student to present evidence and demonstrate pre-existing competence to justify a claim for recognition and present their case to the satisfaction of the assessor.

Any documents that you provide to support your claim of competency must be the originals rather than copies. Your original documents will be photocopied and handed back to you. It is also expected that any evidence submitted is your own and if any part of the work is the work of others, that this is formally acknowledged and advised.

Recognition Decision

Regardless of the type of evidence that you submit, Assessors must be confident that the evidence meets the following criteria:

- Full requirements of the Unit of Competency(s).
- Any regulatory requirements.
- Authenticity - That it is your own evidence and can be authenticated.
- That you can perform the competency consistently and reliably.
- Is at the standard expected in industry and set out in the Australian Qualification Framework (AQF).
- Sufficiency - There is sufficient evidence to make a judgment.

The recognition process may include the necessity to demonstrate the application of skills. Where it is identified that this is required to assist the assessor in their judgement of competency, this will be arranged at either the student's workplace or at Business Station Incorporated's training facilities.

Business Station Incorporated is committed to ensuring that all judgments made by trainers against the same competency standards are consistent. Your trainer will examine the evidence that you present and then make a judgment on that evidence which will be either:

- Competent (C) - you have been deemed competent against all the requirements of the Unit/s of Competency
- Not Yet Competent (NYC) - you have not yet demonstrated competency to all requirements.

Your trainer will advise you of the outcome of your application for RPL and advise where gap training and/or assessment is required.

This may result in the student not having to complete the same unit of competency again. This is known as credit transfer. Should you wish to seek credit transfer, contact the Business Station Incorporated Admissions Staff for a Credit Transfer Form.

Fee Payment and Refund Policy

Business Station Incorporated has developed a fair and equitable process for determining course fees, refunds, and payment options.

Student Handbook

This handbook was created to meet the requirements of the VET Quality Framework.

Version: 3.01 | Date:11/11/2021

You must advise us of cancellation in writing or by email. A non-refundable administration fee of 25% of the full course fee payable (non-discounted) or a minimum of **\$250** (whichever is greater), will be subtracted from any refund granted under the terms and conditions outlined in this policy.

No refund is provided for cancellations outside of the refund period, though some cases may be considered, subject to Business Station Incorporated management's discretion. In the case of online learning, training and assessment is deemed to have commenced once the learner has been issued a username and login and these have been used to access the online material.

Cancellation and Refunds

Business Station Incorporated has a refund period whereby refunds are allowed for any reason, including change of mind, known as the 'Refund Period'. No refunds will be issued for cancellations outside of the refund period.

The 'refund period' is defined as **14** calendar days from the date the student has been 'officially enrolled'—this means all pre-enrolment and enrolment steps have been completed, and the student is deemed suitable for the course.

If you do not notify Business Station Incorporated in writing within the refund period, you will not be eligible for a refund. All refunds will be paid to the person or organisation that originally paid the fees. Refunds will be paid within four calendar weeks of the date the request is received.

If you wish to terminate your studies before the completion of your course, you must first complete a Refund Request Form, available from our website and support team. In cases where fee payment instalments have been negotiated, you will still be liable to pay all outstanding fees to Business Station Incorporated before the termination of enrolment. 'Outstanding fees' refer to all due payments for training and/or assessment services rendered by Business Station Incorporated to the student before withdrawal of training is officially approved. Business Station Incorporated reserves the right to pursue recovery of all fees owed legally allowable.

For refund applications within the refund period, the Refund Request Form must be received by Business Station Incorporated, within the refund period. A refund of the course fee, less the applicable administration fees will only be issued if all above criteria has been met and the student has no previous outstanding monies with Business Station Incorporated.

This refund policy does not remove your right to take further action under Australia's consumer protection laws.

- Extending the maximum duration of your course
- Providing additional learning support services

RPL & CREDIT TRANSFER POLICY

PURPOSE

Business Station Incorporated is committed to providing quality training and assessment in accordance with the requirements of the Standards for Registered Training Organisations (RTOs) 2015.

Business Station Incorporated offers Recognition of Prior Learning to all students and implements an assessment system that ensures that assessment (including recognition of prior learning) complies with assessment requirements of the National Training Packages, the Principles of Assessment and Rules of Evidence.

Business Station Incorporated has a process in place and provides a clear instruction and guidance on granting credit transfers to students for previously completed and formally assessed learning.

POLICY PRINCIPLES

Recognition of Prior Learning (RPL) Policy Principles

1. Recognition of Prior Learning (RPL) refers to an assessment process that assesses the competencies an individual may have acquired through accredited, non-accredited and informal learning to determine the extent to which that individual meets the requirements specified in the training package or VET accredited courses.
 - a. Accredited learning refers to learning that takes place through a structured program of instruction and is linked to the attainment of an AQF qualification or statement of attainment (for example, a certificate, diploma, or university degree).
 - b. Non-accredited learning refers to learning that takes place through a structured program of instruction but does not lead to the attainment of an AQF qualification or statement of attainment (for example, in-house professional development programs conducted by a business).
 - c. Informal learning refers to learning that results through experience of work-related, social, family, hobby, or leisure activities (for example staff management skills from the workplace or cooking skills from a personal hobby).
2. Business Station Incorporated students may apply for a formal recognition of existing competencies against an AQF qualification or unit of competency that Business Station Incorporated is registered to deliver, prior to commencing their course of study.
3. Business Station Incorporated will provide adequate information to students including the 3.4.2 **RPL Kit** that contains the RPL information including:
 - a. Specific skills and documentation required for the unit of competency where the student wishes to be assessed.
 - b. RPL process and application.
 - c. Timeframe for RPL assessment.

Student Handbook

This handbook was created to meet the requirements of the VET Quality Framework.

- d. Support that the Business Station Incorporated assessor can provide.
 - e. Costs and payment schedule associated with RPL; and
 - f. Appeals on all/part of the RPL outcome and associated fees (if applicable).
4. The assessor for the unit of competency being applied for will be the person responsible for providing the RPL Kit and all necessary information to the student in relation to the RPL process.
 5. The expectation will be upon the student to demonstrate competence to the assessor(s), including the provision of certification documentation. Competency may be derived from various sources, including, but not limited to:
 - a. Work experiences.
 - b. Work products.
 - c. Life experiences.
 - d. Training programs offered by industry, private or community-based providers which may or may not have been formally recognised.
 - e. Training programs undertaken overseas.
 - f. Informal learning programs.
 - g. Certification from another RTO.
 6. The RPL assessment decision will comply with the Principles of Assessment and Rules of Evidence as outlined in the SRTOs 2015 and the requirements of the relevant training package or VET accredited course.
 7. Certification documentation will be awarded based on the results of the assessment process and in accordance with Business Station Incorporated's Certificate Issuance Policy.
 8. Students are informed in writing of the RPL assessment outcome within the timeframes specified in the RPL Kit. Where RPL is not granted for any unit of competency the written notification will include the reason for the decision.
 9. In cases where a student is not granted RPL and believes the decision should be reviewed, Business Station Incorporated will follow the procedures outlined in the Appeals Procedure Document.

Credit Transfer

1. Business Station Incorporated will accept and recognise the decisions and outcomes of another RTO.
2. Business Station Incorporated will apply credit to all relevant units of competency after conducting a review and verification of the authenticity of AQF certification documentation from other RTOs, and authenticated VET transcripts.
3. Recognition applies when the certification documentation provided by the student contains the same national competency code as those that form part of the training and assessment program offered by Business Station Incorporated.
4. Certification documentation must be presented as either originals or certified copies of an original. An authorised signatory must sign certified copies to verify authenticity. Original certification documentation will be returned to the applicant.
5. Business Station Incorporated is not obligated to issue an AQF qualification that is achieved wholly through recognition of units and /or modules completed at another RTO. (i.e., student cannot complete

all their training and assessment with another RTO, and requests that Business Station Incorporated issue the qualification under Recognition.)

6. In the event a student wishes to undertake refresher training in a unit/module for which they have been previously awarded recognition, then student will be advised that the completion of the assessment is not necessary, however, may be offered as an option.
7. Where the recognised AQF qualification and attributed units' forms part of another AQF qualification, the student will only be enrolled in the additional units required to complete the new qualification. In such cases, fees will reflect reduced learning load.

Determining Equivalence

1. In the event the student wishes to credit units of competency that are not offered by Business Station Incorporated but fulfill the packaging rules for a qualification that Business Station Incorporated offers, Business Station Incorporated will refer to the National Register to determine if the unit of competency that the student wishes to credit is equivalent to any of the units that is within Business Station Incorporated scope.
2. In the event the student wishes to credit units from a superseded course, provisions from Business Station Incorporated's Transition Policy may apply on top of the provisions in this Policy.

Verification of Certification Documentation

1. Before providing credit based on a qualification, statement of attainment, or record of results, the assessor/s for the unit/s of competency being assessed must authenticate the information in the document. This may be done through methods including, but not limited to gathering feedback from the organisation that issued the document and confirming the content is authentic.
